David,

TCEQ is fine with the responses and does not, itself, object to the commencement of field activities.

Subject: Patrick Bayou - Compiled Comments on Sediment and Surface Water Sampling Plan

ALL:

The Patrick Bayou JDG submitted a draft Sediment and Surface Water Sampling Plan to EPA, the TCEQ and the Trustees on September 24, 2009. Comments have been received from Joe Bell & Vicki Reat/TCEQ, Jon Rauscher/EPA and Barry Forsythe/USF&W and are compiled in the attached.

The JDG appreciates the expedited effort from all Agencies in reviewing this draft, and will prepare responses for submittal next week. We anticipate field mobilization on October 26, 2009, with sampling starting the 27th. Please forward any additional comments to me as soon as possible.

Bob Piniewski
